WELCOME

Welcome to *Zauq*

Thank you for taking the time to explore our collection.

Zauq began with a simple belief: the walls around us should hold things that mean something. A verse that steadies us, a landscape that calms us, a photograph of the people we built something with. We create curated wall art and custom frames that bring that meaning into homes, offices and the spaces where people gather.

In this catalogue you will find our three collections, our custom and branded framing service, and everything a business needs to place an order — sizes, prices, delivery and how we work. If something catches your eye, or you have an idea of your own, we would love to hear from you.

ABOUT US

Art with *taste*, framed by hand

Zauq Premium Frames is a framing studio in Rawalpindi creating curated wall art and custom frames for homes and businesses.

Our collection brings together Islamic calligraphy, modern and minimal prints and contemporary art. Alongside it, we print and frame our clients' own photographs, artwork and logos to exactly the same standard.

Every piece is made to order. We print in high quality, set each artwork in an elegant black frame and finish it by hand, so it arrives ready to hang. A single statement piece and a set for an entire office receive the same attention.

We work with individuals and with organisations — offices, banks, hotels, cafés, clinics and showrooms — who want their spaces to feel considered and their gifts to feel personal.

Zauq

What our name means
